10:00 AM Sharp

Rodeo Beach Trailhead, Marin Headlands

Come Join Us For a Hike and Meeting

Cross the Golden Gate Bridge and exit at Alexander (the first exit past the view point turnoff). After about 0.3 mile, turn left onto Bunker Road. There is a one-way tunnel which cuts under 101, and you may need to wait up to 5 minutes for your turn to travel through it (this is a great opportunity to put on sunscreen). From the other side of the tunnel, drive about 3 miles on Bunker Drive to the trailhead at the end of the road.

4.3 mile moderately easy loop hike.

Bring Water, Lunch, Layered Clothing, Proper Footwear And Whatever Essentials You Might Need.
